

Tabletop MAP Tray Sealer DJT-270G/DJT-400G

The DJT-400G Tabletop MAP Tray Sealer allows trays to be packaged in a very limited space and can thus be used in a versatile manner. It's an economical solution for the packaging of small batches. The DJT-400G is operated slowly by electricity, it can be individually equipped. It's widely applicable for the package of raw and cooked meat, seafood, dairy product, fruit and vegetable, rice and food.
