

BK-400 Automatic Three-dimensional Packaging Machine

HY series BOPP transparent membrane packing machine is a three-dimensional environment-friendly use of BOPP film and transparent presentation of the closure cable Yingzhi differed specifications of the rectangular box or three-dimensional items hexa herbal generic packaging equipment(similar to cigarette packaging). This series machines widely applied to medicine, boxed food, cosmetics, stationery, paper products, audio-video products, and other similar single cigarette boxes(cases) or more boxes(pieces) collection stack packaging. The package is moisture-resistant products(mainly), security, improve product quality and decorating the function. Its standard for single-box(pieces) packaging, and more suitable for longer-top boxes (pieces) collection stack packaging

Technical Parameters

生产效率	Production efficiency	10-30包/分
包装尺寸范围	Package size range	(L)100-400mm(W)50-240mm(H)20-110mm
电源	Power supply	220V 50-60Hz
电机功率	Motor power	0.75Kw
加热功率	Heating power	3.7Kw
输送架	Conveyor	1800X500X850mm
外形尺寸	Dimensions	2250X1100X1850mm
重量	Weight	1000kg
