

YL-600 Automatic Case Packer Machine From Top Load Product

The machine is suitable for paper carton erecting automatically. It has function of cover-folding, sealing bottom with tape. It is economical and it is with high high-efficiency. It is ideal automatic carton forming and bottom sealing equipment.

YL-600 Automatic Case Packer Machine From Top Load Product is controlled by computer, easy to operate, low noise, stable operation, high degree of automation, reliable, novel design, compact and reliable, can be connected with carton forming machine and sealing machine to form a fully automatic production line. It has a wide range of uses and is suitable for packing various products into large cartons.

Technical Parameters

Machine Dimension	L2100×W1300×H1900mm (Can Customize)
Filling Capacity	3 cases/min
	Relating To Carton Size And Filling Quantity
Case size range	W: 150 –500
	H: 100- 350
	L: 200 –500
Power Supply	AC220V 50/60HZ
Air Pressure	5.5~6Kg/Cm2
Machine Weight	About 1100kg
