

## XT-2610 Horizontal Labeling Machine

### Feature:

- 1) Suitable for oral liquid, injection, solid glue, batteries, and small and can't stand diameter circular objects the circumference of a circle and a half circle labeling
- 2) Advanced affinity man-machine interface system, easy operation, complete function, has the rich online help function
- 3) Special tilting feeding roller conveyor design, the paste item automatic positioning
- 4) Automatic photoelectric detection, it has without label no stick and without label automatic correction or alarm automatic detection function, to prevent leakage and waste
- 5) The machine structure is simple, compact, easy to operation and maintenance
- 6) The machine adopts famous brand motor drive, the feeding label speed stability, reliability.

### Technical parameter:

Labeling capacity	60-200 pcs/min (Related to the material and label size)
Labeling accuracy	±1.0mm
Label size	(L) 20-100mm (H) 10-80mm
Material size:	outside diameterφ16-φ22mm H40-90mm
Roll inside	Φ76mm
Roll outside diameter	MAX Φ350mm
Machine size	(L) 1800* (W) 850* (H) 1600(mm)
Power supply	AC220V 50Hz/60Hz 1500W
