

## *SH-AFC47 Desktop Monoblock Automatic Peristaltic Pump Rotary Cosmetic Small Serum Bottle Filling Capping Machine*

### **Main Feature**

- ▶ Machine can finish liquid filling, servo capping in one machine.
- ▶ Peristaltic pump controls filling, liquid will only pass through the hose, suitable for packaging nail polish, massage oil, eyedrops, etc.
- ▶ Machine can be connected with a labeling machine to realize automatic production.

### **Parameter**

- Machine model: SH-AFC47
- Voltage: 110/220V 50-60HZ
- Machine pump: Peristaltic pump
- Machine power: 1000W
- Bottle diameter: 20-50mm
- Filling range: 1-15ml(Customizable)
- Filling hose: #16
- Bottle height: 30-60mm (Can customize for higher bottles)
- Cap diameter: H=10-30mm  $\phi$ 20-50mm (Customizable)
- Size of filling nozzle: OD 2-6mm (Customizable)
- Working speed: 15-25 bottles/min (depends on liquid and bottle size)
- Conveyor belt size: About 670\*80mm
- Machine size: About 580\*580\*900mm
- Machine weight: About 88kg
- Package size: About 800\*710\*980mm
- Package weight: About 133kg
