

MT-180 Tabletop Semi Automatic Positioning Labeling Machine for Round Bottle

This round bottle labeling machine can be used for double side labeling. The desktop type labeling machine can save working space, but it can work automatically and accurately after you adjust and test working data. The whole machine use S304 stainless steel and anodized senior aluminum alloy material, with high corrosion resistance and never rust. It is widely used in beverage, health care, food, daily and light industry. (note: our machine can be customized rely on your requirement)

Technical Parameters

Model	MT-180
Voltage	220V 50/60HZ
Coveyor width	120mm (or can be customized)
Labeler speed	20-30 pcs/min
Labeling accuracy	±1mm
Label Length	15-300mm
Label Height	10-110mm
Machine size	1300*900*1550mm
Machine Weight	120KG
