

DJD-1C Multi-Mixing-Loading Counting and Bagging Machine

- Different products and different quantity can be filled in the same bag,
- Filling quantity of each product can be adjusted independently.
- Only need to change a couple of parts when shift between different products.
- Modularized design so that very easy to clean and disassemble.
- Count by infrared and sensor that no breakage of the product.
- Accomplish bag forming, counting, filling, bag sealing and printing in same while.

Technical Parameter:

Applicable for	0-5# capsules, soft gels, ϕ 5.5-15 normal tablets, special shape tablets, coating tablets, ϕ 3-12 pills and most solid granules.
Capacity	5-50 bags/minute
Working range	Each bag volume and each species loaded is set according to customers' requirements
Power supply	220V/50Hz 4.5kw
Size	1050×1250×1650mm
Weight	500-600kg
