

BY300

Stickpack Multilane Machine

OVERVIEW

The BY300 is a VFFS multilane stick pack machine driven by **servo or pneumatic motion**. The design is compact, modular, robust and affordable.

It is designed for **small and medium production** and is suitable for dosing **powders, granulates, solids, liquids and pasty products**.

The BY300 is ideal for a variety of markets including: **food, cosmetics, chemical and pharmaceutical**.

Equipped with a touch screen and industrial PC featuring intuitive software, the BY300 allows users complete control of the machine (configuration, statistical data, alarms and help information).

Visión de conjunto

BY300 es una máquina multipista VFFS /stick pack, impulsada por servo motor o sistema neumático. Ideal para pequeña/mediana producción. Adecuada para dosificación de polvos, granulados, sólidos, líquidos y productos pastosos.

Principales sectores: industria alimenticia, cosmética, química y farmacéutica. El diseño BY300 es: compacto, modular, robusto y asequible.

Equipada con pantalla táctil y PC industrial con un software intuitivo que permite el control total de la máquina (configuración, datos estadísticos, alarmas y ayudas).

MATRIX

powered by Pro Mach 

Matrix is an exclusive distributor for Inever and markets, sells, and provides extensive technical support, including service and spare parts throughout North and South America.

Machine Specifications/Especificaciones

	1 Lanes / Pistas Paso-Pitch	2 Lanes / Pistas Paso-Pitch	3 Lanes / Pistas Paso-Pitch	4 Lanes / Pistas Paso-Pitch	5 Lanes / Pistas Paso-Pitch	7 Lanes / Pistas Paso-Pitch
Max. Width (mm) / Formato max (mm)	120	70	37	30	25	17
Min. Width (mm) / Formato min (mm)	17					
Max. Length (mm) / Largo max (mm)	200					
Min. Length (mm) / Largo min (mm)	40					
Max. Reel diametre (mm) / Diámetro Max (mm)	300					
Max. Reel width (mm) / Ancho Bobina max (mm)	300					
Core (mm) / Bobina Núcleo (mm)	70/75					
Output (Sachet/minute) / Velocidad max. (Sobres/min)	60	120	180	240	300	420
Dimensions (mm) / Dimensiones (m)	1.044 x 928 x 1.730					
Weight (Kg) / Peso (Kg)	550					
Noise (dB) / Nivel Sonoro (dB)	>70					
Electrical Data / Datos eléctricos	220, 400, 440, Vac/2Ph+N+PE/50, 60Hz 7.5 Kwts					
Compressed Air / Aire Comprimido	6/7 bar - 550 Litres/min.
