

Automatic Self Adhesive Flat Surface Labeling Machine MT-220

Product introduction:

1. Automatic self adhesive labeling machine is suitable for all kinds of paper boxes, cartons, batteries, cosmetics and other surface labeling. Such as anti-counterfeiting labels, bar code, etc
2. Biggest strength of self adhesive labeling machine: bottles of spacing can be arbitrary set points. But at the location on the product fixed-point accurate labeling.
3. Automatic self adhesive labeling machine use Japanese servo motor, high speed, and stability. Labeling speed can reach 300 bottles/min, same type model is higher than other manufacturer.

Technical parameters:

Model	MT-220
Working speed	0-220pcs/min
Label size	L:20-300mm W: 10-90mm
Accuracy	±1mm
Max label outer diameter	φ300mm
Max label inner diameter	φ75mm
Power	110V/220 50/60HZ 500W
Machine size	1600×600×1400mm
Weight	110V/220 50/60HZ 500W
