

Carton Wrapping Machine by Tape TC-5000

This idea made from meat processors or food processing where straps could slide off and result in an unsecure box. It provides increased productivity, reduced manual labor, process efficiency and securely and neatly closes cartons, making it a great choice for all packaging needs.

- First in Tape Machines to Replace Plastic Strapping, The tape is applied 360 degrees around the box, simultaneously around corrugated cartons.
- Suitable for all purpose carton sealing.
- Steady sealing, high performance.

Product Specifications:

Power	110/220 V, 50/60 Hz ,1Phase
Packing size	L450~600, W250~480, H150~400 mm
Speed	6~12 Cases/Min (Depends on the wrap number.)
Tape	2" (2 1/2",3" Optional)
Table Height	600mm (Adjustable Range 580~700mm)
Machine weight	250 kgs
Machine size	L1800 x W1800 x H2100 mm
