

LONGMAKER

Liquid Packing Machine XH-NW

Application scope:

Suitable for automatic packaging of liquid and semi liquid materials in food, chemical and pharmaceutical products. Such as: pesticide, shampoo, bath liquid, cream, seasoning oil, instant noodles sauce, tomato sauce, honey and other materials.

Local features:

1. Automatic packaging machine can be completed in the packaging process measurement, bag making, filling, sealing, cutting, counting, batch number, etc..
2. Control system is automatically matched with a variety of movements, the system has high accuracy, easy to adjust the bag length and accurate.
3. With color control system, can get a complete logo.
4. Steeples adjustment of speed and length, packaging speed and bag length can be adjusted within the rated range, no replacement parts.
5. The design uses a unique embedded sealing, strengthen heat sealing mechanism, intelligent temperature controller temperature control, good heat balance to adapt to all kinds of packaging materials, good performance, low noise, clear lines, strong sealing sealing.

Capacity :	40-60bag/min
Range of measurement :	1-50/1-100ml
Bag size:	L:40-60mm . W40-100mm
Sealing type:	3 or 4 side sealing
Power:	1200W
Voltage:	110V or 220V or 380V
Packing material :	Paper/the polyethylene. Polyester/aluminum foil/polyethylene nylon /polyethylene, tea filter paper, etc
Net weight:	270KG
Overall dimension :	700mmx750mmx1600mm
