

Automatic Horizontal Labeling Machine for Lipstick Tube MT-400-3

Application

- Label Adhesive Paper Sticker to Round or Cylindrical Bottle, Tube or Injection which cannot be Vertically transferred
- Widely used in chemical, cosmetics, pharmaceuticals, food industries, provide solutions for the packaging line
- Labels Applicable: adhesive paper sticker

Features

- Designed for products which can't stand stable when moving
- Labeling machine produced accordance with GMP Standard and CE certificated
- Automatic Labeling, save labor and space, Labeling results is great
- Easy to operate, labeling controlled by PLC and touch screen. no products, no labeling
- Labeling Steadily, strong S/S frame construction, all the electronics parts are imported from Germany, Japan, France, USA
- Work independently or connected to a production line
- Labeling Speed is high, and Labeling Accuracy is also high

Function

- Coder Printer to print batch number, production date, expiry date and so on on the label when labeling
- Sensor for Clear Sticker

Technical Parameters

Production capacity	1800-18000 BPH (related to product size)
Labeling precision	$\pm 1\text{mm}$ (exclude product and label error)
Product size applicable	$9\text{mm} \leq \text{product diameter} \leq 25\text{mm}$; height $\leq 150\text{mm}$
Label size applicable	$10\text{mm} \leq \text{width} \leq 80\text{mm}$; length $\geq 10\text{mm}$
Power supply	220V 50Hz, 1.0KW
Machine size	$2000*1300*1700\text{mm}^3$
Weight	200KG
