

Automatic Pouch Labelling Machine

Worldpack Pouch Labelling Machine made of 304 stainless steel is extremely durable, versatile and compact. It allows single side and dual side labelling for pouches of various sizes. Depending on output requirement the machine can print 40 to 60 pouches per minute. It has a maximum label roll diameter of 300mm and max length of 150mm. It is also equipped with a 3m long conveyor.

Applications

Technical Specifications

SPEED	40-60 PPM (DEPENDS ON POUCH SIZE)
ROLL O.D.	280MM
LABEL MATERIAL	PAPER/ FILM/ PP/ PE
LABEL DIMENSIONS	MIN: 25X 25MM MAX: 100 X150MM
MOC	MS (POWDER COATED)
POWER SUPPLY / CONSUMPTION	220VAC/ 50HZ/ SINGLE PHASE/1.5KW
OPERATING SYSTEM	MICROCONTROLLER WITH KEYPAD/ STEPPER/ SERVO ALLEN BRADLEY PLC WITH TOUCH SCREEN HMI
MACHINE DIMENSIONS	1500MM X 500MM X 1900MM (L X B X H)
WEIGHT	75 KGS
APPLICATION	TOP LABELLING
