

Automatic Front & Back Double Side Labeling Machine XQ-TBS

A labeling machine or label applicator, is a machine that put the label on the product and wipe on to assure adhesion. The labeling machine is popular in these area, such as bulk mailing, manufacturing, packaging, food and beverage, fast food, photo labs, and more.

Function & Features

- Adopt mature technology PLC control system, operation is stable and high -speed.
- Using touch-screen control operating system, simple, practical, efficient.
- Screw adjustment mechanism press bottle move accurately.
- Synchronization chain mechanism ensure labeling smooth.
- Advanced technology of pneumatic code system.
- Print the batch number and expiry date clearly.
- Transmission-type roll label device, make sure the label attached more firmly.

Technical Parameters

Model	XQ-TBS
Labeling Speed	20-250 pcs/min
Item Height	30-350 mm
Item Thickness	20-120 mm
Label Height	20-180 mm
Label Length	20-300 mm
Labeling accuracy	±1 mm
Power	220V 50/60Hz 3.5Kw
Machine Size	2800(L)×1700(W)×1550(H)
