

Tube Labeling Machine

The Tube Labeling Machine can be an ideal facility that sticks a roll of self-adhesive paper labels to a PCB, product, or specified packaging. As an indispensable part of modern packaging, it has wide range of application, which can meet the full-round labeling or semi-circular labeling of round bottles. Compared with ordinary product on the market, it is simple to switch, and the adjustment is convenient.

The Tube Labeling Machine has high degree of coincidence, and the label tape adopts a deflection correction mechanism. Compared with ordinary product on the market, it has the advantage of excellent labeling quality. Using elastic pressure labeling belt, we do promise that there is n no wrinkle, thus to improve packaging quality. Due to the flexible application, bottle standing labeling, automatic bottle separation function and so on, it can be produced stand-alone or connected to the production line.

Product specification:

Producing speed	4800BPH
Labeling accuracy	±1mm
Label max width	200mm
Label max length	300mm
Bottle min diameter	20mm
Bottle max diameter	60mm
Bottle min height	30mm
Bottle max height	280mm
Label inner diameter	φ76mm
Label outer diameter	φ400mm
Machine size (LxWxH)	1200x900x1900 mm
Machine power	220V 50Hz 1500W
