

## Plastic Tube Filling And Sealing Machine STF 50

PLC control unit, servo motor controlled film transport, connection apparatus and hoses for aspirator group. Metallic grey colored and surfaces of the machine that are in contact with the product made stainless

- Tube Size  $\varnothing$  10-50mm, L 210mm
- Volume Filling 5-250cc
- Hopper Capacity 40L
- Air Consumption 350L/min 7 bar
- Water Consumption max 2L/min at 2 bar

### USAGE

- Cream, Pasta Product

### PRODUCTION RATE

- 2000 – 2400pcs/hour
