

TZ-100D Round Bottle Automatic Wet Glue Labeling Machine

TZ-100D Automatic Wet Glue Labeling Machine is used for the paper labeling for round bottles, e.g. round glass bottle, plastic bottle and PET bottles. It can finish the whole process of taking labels; put glue on labels and then labeling. It can realize no bottle, no label, no label, no glue

Technical Parameters:

Applicable Bottle Diameter	30-95mm
Labeling Speed	≤6600 Bottles/hour
Labeling Precision	±1mm
Label Length	50-280mm
Label Height	40-150mm
Power Source	380V, 50HZ
Power	0.8KW
External Dimension	2800*1700*1200mm (L*W*H)
Weight	700kg
