

## Automatic Shrink Label Inserting Machine XYL-250S

### Description:

- Machine constructed by stainless steel with especially and luxurious appearance. Conform to safety regulation. Single machine structure ensures convenient installation.
- Modular design for quick change over.
- All adjustable modular design by transmission type for easy operation and fast adjustment.
- The accurate gear wheel design for driver system to stable the transmittion speed and limit the label height within (+/-) 1mm tolerance.
- Using supersonic sensor to detect sleeve and with spring tension controller system for ensuring the feeding sleeve steady.
- The interface with large screen touch controller for user-friendly operation.
- Machine design can fit the label height up to 300mm and above.

### Specification:

Model	XYL-250S
Power source	3P/ 220V~ 415V
Production rate	250BPM(label length 180mm)
Range of bottle diameter	Ø25 ~ Ø125
Label insertion length	25mm ~ 220mm
Range of label thickness	0.035mm ~ 0.08mm
Material	PVC, PET, OPS
Total Power	4KW
Machine dimension(L×W×H)	1190 × 980 × 2100mm
