

Full Automatic Triangle Tea-Bag Packing Machine BT-13

All Whole leaf Chinese Tea and Natural Herb in Pyramid Tea Bags.

It gives excellent infusion efficiencies to release the original tastes and aromas without damaging the integrity of the large tea leaf.

These nylon tea bag made with silky, food-grade nylon, have proved popular with consumers. These nylon mesh tea bags are the next best thing to whole leaf tea brewed in a teapot.

For taste quality there is nothing on the supermarket shelves that competes. Tea aficionados say the nylon bags are also stronger, allow the tea to unfurl without damaging the bag and they avoid the "paper" taste of other teabags.

Comparing with common tea bag, these nylon mesh tea bags are the next best thing to whole leaf tea brewed in a teapot for taste quality there is nothing on the supermarket shelves that competes. Tea aficionados say the nylon bags are also stronger, allow the whole tea leaf to unfurl without damaging the bag and they avoid the "paper" taste of other teabags. The choice of volume measurement, and electronic scales measuring.

Technical parameter:

Produce speed	35-50bags/min
Tea content	≤5g/bag
Bag paper request	Label line nylon or adhesive-bonded cloth(picture sample will be enclosed)
Roll quantity	1
Rolled paper core inside diameter	Φ76mm
Rolled outer diameter	≤Φ400mm
Seal cutting	World newest craft electricity pulse to seal cuts
Seal cutting equipment	2 sets
Standard electric appliance configure	Pneumatic element, button, exchange contact device
Source pressure	≥0.6Mpa
Motor power	Approximately 1.1kw(380v)
Operate person	1
Machine size	L800*W700*H2000(mm)
Machine weight	800kg
