

Smart Weigh SW-M10P42 Combined 10 Head Weigher Packing Machine

Feature:

- Weigh load on top of bagger to save space;
- All food contact parts can be took out with tools for cleaning;
- Combine machine to save space and cost;
- Same screen to control both machine for easy operation;
- Auto weighing, filling, forming, sealing and printing on same machine.

Suitable for many kinds of measuring equipments, puffy food, shrimp roll, peanut, popcorn, cornmeal, seed, sugar and salt etc. which shape is roll, slice and granule etc.

Parameters:

Model	SW-M10P42
Bag size	Width 80-200mm, length 50-280mm
Max width of roll film	420 mm
Packing speed	50 bags/min
Film thickness	0.04-0.10mm
Air consumption	0.8 mpa
Gas consumption	0.4 m3/min
Power voltage	220V/50Hz 3.5KW
Machine Dimension	L1300*W1430*H2900mm
Gross Weight	750 Kg
