

Automatic Vertical Milk Powder Pillow Bag Packing Machine RL530

1. It is used for packing powder type materials, like milk powder, detergent powder, flours etc.
2. Using auger filler to get the fast and high precision measuring, the precision could be +0.5g, has a weighing range 10g-2000kg, max speed can get to 90 bags/min.

Technical Parameters:

Model	RL530
Packing Speed	≤70bags/min
Bag Size Range	L100~350mm; W100~250mm
Bag Type	3-side seal bag / 4-side seal bag / pillow bag / gusset bag
Electrical Type	AC220V/50HZ
Power	5KW
Compressed Air	0.6-0.8Mpa
Machine Weight	550kg
Machine Dimension	L1350*W1200*H1700mm
