

YCW400 Heavy Weight Check Weigher Easy Weight

The machine can automatically reject underweight and overweight products from the line.

Application: to weigh products automatically, suitable for inspecting large products.

Technical Parameters:

Checking range	Kurang dari atau sama dengan 10 kg
Accurancy	$\pm 1.0 \text{ g} - \pm 5.0$
Minimum scale	0.1 g
Throughput	20-110 m/min
Optimal throughput (pcs/min)	60
Suitable product dimension (mm) L	kurang dari atau sama dengan 500 g
Suitable product dimension (mm) W	kurang dari atau sama dengan 400
Weight belt dimension (mm) L	620
Weight belt dimension (mm) W	400
Rate Power (Kw)	0.4
Compressed Air	0.6-1 Mpa
Nozzle Connector Type	$\text{Ø}8 \text{ mm}$
Control Module	High speed A/D Sampling Module
Product Preset	99
Rejecter	Pusher
Dimension (L x W x H) mm	2140x916x1331
