

XS-CD1 Granule weighing packing machine

Capability and Characteristic :

Range of application: It is applicable for packing grain or powder shape materials such as washing powder, common salt, monosodium glutamate, white sugar, seed, rice, etc.

- Measured by Electronic Scale
- Controlled by Micro-Computer
- Material Fed Double Vibrantly
- Structured by Stainless Steel
- Bagging Manually, Measuring Automatically

Technical Parameters:

Model	XS-CD1	XS-CD2	XS-CD3
Packaging weight	30-6000g	1-10kg	5-25kg
Packaging speed	11-35bags/min	8-18 bags/min	7-10 bags/min
Packaging accuracy	≤±1%	≤±1%	≤±1%
Power supply	220V/50Hz	220V/50Hz	220V/50Hz
Total Power	350w	350w	350w
Total Weight	170kg	190kg	250kg
Dimension	870×880×2000	890×1050×2230mm	1050×950×3100mm
