

LFBC-20 Continuous Motion Horizontal Cartoner

It can put the bottle, blister p board, material holder and other materials into the carton and then sealed box. If you use it with our folding machine, you can load the manual into the paper tray.

This machine is suitable for food, pharmaceutical, cosmetics and other industries, and can realize the packing of bottles, blister board and related materials.

Technical Parameters:

Model	LFBC-20
Max.speed	200 p/min
Carton specification(L x W x H)	90~300 mm *150 mm *20~70 mm
Bottle specification (D X H)	80~290 mm *147 mm *15~60mm
Booklet specification(L x W)	70~320 mm *110~200 mm
Power supply	6.5kw
Power absorption	AC380V-400V 50/60Hz
Compressed air	0.4-0.8Mpa
Air consumption	250L/min
Dimension(L x W x H)	Approx.6500mm(L)×2400mm(W)×2200 mm(H)
Weight	Approx.3500Kg
