

LT-BPT200T Automatic Three Heads Three-side Sealing Bag Packing Machine for Powder Granules

This machine adopts three-vibration filling and quantitative measurement, which can simultaneously fill the three different items for mixing and evenly packaging, and can also take turns filling to increase the speed of mechanical packaging, with accurate measurement and filling.

Application:

It is suitable for filling granule&powder products, such as flour, rice, coffee powder, coffee beans, seeds, dry fruit, corn, peanut, grain shape chemicals, micro and small components such as general non-sticky solid materials.

Technical parameters:

- Model: LT-BPT200T
- Voltage: 220V/110V 50/60HZ
- Power: 700W
- Filling Range: 2-200g/head
- Filling Hopper: 3
- Working speed: 10-25bags/min(depends on products)
- Sealing Type: Three-side Sealing
- Max Film Width: 30cm
- Bag Length: 0-16cm(adjustable)
- Suitable Packing Material: Heat seal bags
- Machine Size: 80.5*54*181cm
- Machine weight: 90kgs
