

## *VXG Vacuum Capping Machine*

Completely into the bottle – vacuum – cap – out of the bottle. It is the ideal choice for food – beverage – canned/pharmaceutical industries.

- The equipment is simple to operate and easy to maintain. Easy to clean。
- Applicable for tin caps.
- No bottle no vacuuming and capping.

### **Technical Parameters**

Model	VXG
Capacity	35-40BPM
Voltage and power	220V/50HZ 0.3kw
Main material of equipment	SS304
Control system	PLC
The compressed air	0.6 Mpa
Size	2000×850×1550mm
Weight	260kg
