## *SH-PK960/SH-PK990 Automatic Toilet Cleaning Block Hotel Soap Pleated Packaging Wrapping Labeling Machine*

### **Main Feature**

- ▶ Designed for packaging hotel soap, toilet cleaning blocks, tea balls, chocolate, and other similar round products, making it widely applicable in daily chemical industries.
- ▶ Can wrap up to 50 pieces per minute, significantly improving packaging efficiency and reducing manual labor.
- ▶ The wrapping mold can be customized according to the size of your product, ensuring accurate and stable packaging results.
- ▶ Adopts a pleated wrapping method, which provides a neat and attractive packaging appearance while helping reduce packaging material costs.

## Parameter

- Machine Model: SH-PK960/SH-PK990
- Voltage: 110V/220V 50-60HZ
- Power: 2000W
- Air Pressure: 0.5-0.6MPa
- Working Speed: 50 pieces/min
- Mold Size: Customized
- Suitable Material Size:  $\phi$ 40-70mm\*8-35mm(thickness)
- Suitable Film Material: pearlized film, recycle paper, tissue paper etc/Tissue paper, tin foil, aluminum foil
- Film Diameter: 80-150mm
- Film Roll Inner Diameter:  $\leq$ 75mm
- Film Roll Outer Diameter:  $\leq$ 500mm
- Label Diameter:  $\leq$ 40mm
- Label Roll Inner Diameter:  $\leq$ 75mm
- Label Roll Outer Diameter:  $\leq$ 300mm
- Package Size: 2240\*940\*1690mm(L\*W\*H)
- Package Weight: 500KG
