

KD-260A Automatic Reverse Film Pillow-Type Packing Machine

Apply more material blocks (such as betel, olives, candied fruit, gong date), multiple packet soup, solid dispersing materials, small electronic components of irregular objects.

Features:

1. Compact structure, stable function and simple operation.
2. Double frequency converter controller, length of package will cut immediately once setting, adjustment needless, saving time and film.
3. It adopts imported electric appliance, touch man machine interface, convenient parameter setting.
4. Self-checking function, trouble can be read easily. High sensor photoelectric color chart tracking, make the cutting position more correctly.
5. Dependent temperature PID controlling suitable for various materials of packaging membrane. Position stop function, no adhesive and no waste of membrane.
6. Clean rotation system, more reliable operation and more convenient maintenance.
7. All the controlling operates by the software, convenience for function adjustment and technical up grading.

Technical parameters:

Max.film width	240mm
Max packaging capacity(according to its material to fix)	40-250 bags/min
Suitable film thickness	0.03-0.06mm
Length of bags	25-220mm
Packaging width	25-100mm
Packaging height	≤35mm
Total power	2.4Kw 220V
Overall dimensions(L * W * H)	4000 * 920*1500mm
Weight	500KG
