

Automatic Multilane 4 Lane Sachet Instant Drink Matcha Tea Powder Packing Machine

The automatic multi lane powder packing machine is suitable for the packaging of ultrafine powder materials in food, daily necessities, chemical and other industries.

Food: coffee powder, milk powder, milk tea powder, cocoa powder, chili powder, curry powder, corn powder, tomato powder, tapioca powder, turmeric powder, soybean powder, flour, etc.

Daily necessities: pigment powder, lubricating powder, cleaning powder, talcum powder, pearl powder, etc.

Feature

1. The production capacity of the whole machine can be customized according to customer needs.
2. Automatic slitting packaging film system, smooth cut.
3. Adopt brand electrical components, more reliable and durable.
4. Servo motor assists in pulling the bag to ensure smooth bag pulling.
5. New frame design, the machine operates more smoothly.

Specification

Model	350	550	850	1000
Lane Number	4/6/8/10/12 Lanes (customizable)			
Filling Speed	30-50 cuts/lane/min(depend on real product testing)			
Measuring Range	1-50g (customizable)			
Film Width	≤350mm	≤550mm	≤850mm	≤1000mm
Bag Length	Max.170mm (customizable)			
Bag Width	16-80mm			
Bag Type	3/4 side seal bag, back seal bag, round corner bag, irregular shape stick bag			
Air Consumption	7L/min			
Machine Size	Non-standard customization			
Voltage	380V, 50HZ			
Power	4.5KW	5.2KW	6KW	7KW
Machine Weight	1100KG
