

## KLTB-S-C Double (Single) Side Labeling Machine

It is applicable to one or two items or stick's Indexing For example: flat bottle, directed round shaped bottle of bottle, etc.

### CHARACTERISTICS

The unique bilateral bottles of various bottle of institutions that neutral press the bottle and stick to ensure accuracy of mark synchronous unique pressure to ensure a label of marking structure and strong

### TECHNICAL SPECIFICATIONS:

Model	KLTB-S-C
Voltage	220V/50-60Hz
Power	800w
Labeling Speed	0-120bottles /min
Bottle Height	60-350mm
Label Height	10-200mm
Label Width	0-160mm
Max Label Outer Diameter	φ300
Label Inner Diameter	φ76
Label Precision	±1
Convey Direction	Left – right
Overall Dimension	2100*1100*1300 mm
Weight	450kg
