

Linear Automatic Labeling Machine For Conical Shape Bottles OL-8201

Performance Features:

- Fast speed linear round container labeling machine. Well designed for round bottles and conical shape bottles full circle labeling. Labeling speed up to 10000 bottles per hour
- Label feeding station is adjustable, specially fit for conical bottles, and fast set up for different sizes containers
- Adopts spring feeding clutch, label tension is more stable, high labeling precision
- The machine can connecting with blow molding machine, water treatment and filling equipment production line, also can make special design according to customer's requirements

Machine Specifications:

Model	OL-8201
Label type	Self-adhesive label
Label size	Length: 20mm - 500mm, Width: 10mm - 200mm
Container size	diameter 30mm-120mm
Max labeling speed	10000 bottle per hour
Max label feeding speed	up to 60 meters/min
Labeling tolerance	±1mm
Max lable roll diameter	350 mm
Core diameter	76 mm
Conveyor speed	25 meters/min
Electrical source	220V 1Phase 50Hz
Power consumption	1500W
Machine dimensions	2400mm x 1500mm x 1580mm
Machine weight	350 kg
