

Inline Powder Filler

Packry's Automatic Powder Filling Machine has the functioning of auto location, auto filling. It can connect with label machine on line. this machine has one filling head, one conveyer belt and one locationing equipment we adopt servo motor, PLC touch screen for easier operation and stability. This machine can be used in powder, mini granule, pesticide, baby powder, food sources, suger, animal medicine, etc

Features:

- Simple structure in linear type, easy in installation and maintain.
- Adopting advanced world famous brand components in pneumatic parts, electric parts and operation parts.
- High pressure double crank to control the die opening and closing.
- Running in a high automatization and intellectualization, no pollution
- Apply a linker to connect with the air conveyor, which can directly inline with filling machine.

Specification:

Weighing method	scale		
Filling method	kg	0.05-5	
Accuracy	%	6.494	
Main performance parameters	filling speed	BPM	5-25
	power	three phase	380 v
	machine size	L*W*H	2000*850*1850 MM
Hydraulic system	machine weight	kg	220
	main motor	Kw	3
	air pressure	Kg	5-8 kg/ sqcm
