

Shrink Sleeve Labeling Machine

Automatic sleeve labeling machine, which is widely supplied for different material of container and label. It can meet the requirements of those users who have variety of the containers. It is the most economical models in cost to make mass production. The equipment has massively used modularization design concept to make it easy and simple for users to change the bottles.

Applicable Bottle types

Various kinds of bottle types, for example: round bottle, square bottle, flat bottle, curved bottle and cup-shaped, etc.

Feather of equipment

- Adopts imported parts, insure the high quality.
- Easy to operate.
- Short delivery.
- No bottle no labeling.
- Quickly change for parts.

Technical specification

Model	200P
power (kw)	1
Voltage (v)	3, 380/220VAC
Product speed (b/m)	150
Applicable Diameter of Bottle Body (mm)	Φ28 mm-Φ125mm
Applicable length of label (mm)	30~ 250
Applicable Thickness of Label(mm)	0.03 ~0.13
Applicable Internal Diameter of Paper Tube(mm)	5"~10" adjust freely
Size of Host Machine(mm)	2100L*850W*2000H
weight (kg)	250
