

High Speed Automatic Shrink Wrapping - SVASW

High Speed Automatic Shrink Wrapping - SVASW is an shrink wrapping machine suitable for various size container wrapping. The advance technology model having PLC controlled of each function ensures excellent shrinking. This model having standard parts ensures that operation of the machine is stable and consistently.

Sealing Head having sensor system prevents mistakes while sealing & protect operator. The wrapper opening can be precisely adjusted based on the size of the container packaged.

Shrink Tunnel having intelligent temperature controller allow accurate heating temperature inside the tunnel. Fast Cooling System ensures the perfect shape of finished products after shrinking.

The SVASW is one of the most user compatible, fully protected and almost maintenance free.

Salient Features:

- MS. With Powder coating construction including main machine frame.
- Fully automatic with high Speed Operate. Min. change over time one size to other size of container.
- Fully Password protected.
- Fast cooling system after shirking which provide perfect shape & finishing of product.
- Built In A.C. Freq Drive system.
- Output upto 4—5 Packs labels per minute.
- Suitable for Glass, Plastic, Pet, Tin, Corrugated containers.

Model	SVASW
Shrink Film Material	PE, POF, PVC, PP
Max. Packing Size	400mm x 250mm x 350mm
Min. Packing Size	250mm x 60mm x 60mm
Conveyor Size	900 – 1700(L) x 300(W) x 800(H) mm
Output/Min*	7 – 10 Pack / Minutes
Air Supply	4 – 6 Bar
Power Supply	Three Phase 440V, 50Hz AC Supply
