

## Automatic Pouch VFFS Vertical Powder Packing Machine XY-420/520/760/480

Automatic pouch VFFS vertical powder packing machine is used for automatic weighing and packing for powder material. It is widely used in food, pharmaceutical, chemical, food additives industry, conforming to GMP standard. It can achieve bag forming, material weighing, filling, packing, coding and sealing fully automatically under set parameter.

- Unit configuration: film roller, coder, bag former, filling screw, vertical heat sealing, horizontal heating and cutting
- Material: contact parts S.S 304 (or S.S 316L if need)
- Electric parts brand: Siemens/Schneider/Omron/Delta etc
- Packing speed: (15-60)bags/min
- Filling range: 10g--5000g
- Applied material: powder form material such as flour, chili powder, milk powder, tea powder grain powder etc

### Technical Parameter:

Model	XY-420	XY-520	XY-760	XY-480
Configuration	Bag-making packing machine +Auto-filling machine +Conveyor			
Packing speed(bag/min)	15~60			
Measuring range(g/bag)	10~5000			
Measuring accuracy	±0.5% to ±2%			
Bag style	Pillow bag/Four-side-sealing bag			
Bag making size(mm)	L:50~320 W:60~200	L:100~350 W:80~250	L:150~450 W:100~360	L:50~320 W:70~240
Power supply	AC 380V ±10% 50HZ			
Optional device	Weight sorter/Metal detector
