

TN-200LDS Double Side Sticker Labeling Machine For Round Bottle

TN-200LDS Drum Double-sides Labeling Machine is making up with the PLC, touch screen, servo motor label pressure structure. It is of multi-help functions and alarm showing function. It is suitable for the two sides self-adhesive labeling of square and flat bottles.

Technical Parameters:

Applied Bottle Size	Min: 140×200×320mm, Max: 260×290×500mm (L*W*H)
Labeling Speed	1500-2500 Bottles/hour
Label Height:	≤190mm (Customized)
Label Length	≤300mm
Labeling Precision	±2mm
Power Source:	~220V; 50HZ
Power	3KW
Weight	400kg
External Dimension	3000×1900×1300mm (L×W×H)
