

## ***DXD60K/DXD80K Automatic Particle Packing Machine***

Automatic particle packing machine can automatically complete all the work of metering, bagging, filling, sealing, printing lot number, cutting and counting; suitable granular products such as granules and water pills, sugar, coffee, salt, desiccant, seeds, chicken, pepper and other fine particles.

Common packaging materials: OPP/CPP, OPP/CE, PET/PE

### **Features:**

1. Key switch + full digital display. Stable and reliable operation.
2. Computer-controlled, stepper motor-driven bag, bag making precision.
3. Automatic tracking color, intelligent eliminate false color, automatically complete the positioning of the bag, fixed length.
4. Heat sealing dual temperature control, intelligent temperature control.

### **Technical parameter:**

<b>Model</b>	<b>DXD80K</b>	<b>DXD60K</b>
Packing speed(bags/minute)	55-100	40-60
Measuring range (ml)	2-50	20-100
Bag making size(mm)	(L)50-115 (W)30-85	(L)80-145 (W)30-100
Bag making types	three-side seal	three-side seal
Measuring type	Bowl	Bowl
Power(Kw)	0.86	0.86
Weight(Kg)	230	230
Outside size (mm)	L*W*H: 695X770X1580	L*W*H: 695X770X1580
Packing material diameter(mm)	≤300	≤300
