

BPM-450 Multifunction Multihead Weigher Food Packaging Machine

Application:

The Full Automatic Packaging Machinery is Suitable for packaging of loose granule materials such as medicine, food and chemical industry, such as expanded granule, melon seeds, rice, seeds, monosodium glutamate, beans, biscuits and so on.

Features

1. Highly sensitive weighing sensor, with the highest measurement accuracy up to $\pm 0.5g$.
2. Anti-acid-base 304 stainless steel plate, meeting the standards of food SC certification and drug GMC.
3. The standard procedure is to make sheet metal parts by hand. The mounting error is as small as 1mm.
4. Automatic bayonet weighing hopper, storage hopper, main vibration and wire vibration without screw fixation. Simple disassembly and convenient cleaning
5. 10 sets of customized storage data, which can store 10 sets of commonly used parameters. When it is necessary to switch parameters, it is convenient and fast to switch with one key
6. There are 50 kinds of basic parameters of products with different attributes and shapes in the database. Only the same or should be selected when weighing. Similar material pictures, and then set the weight to complete the measurement part. Easy to understand.
7. Real-time monitoring screen can instantly check the weight of the blanking combination, check the stability and error of the weight.
8. The equipment is mainly calculated by mathematical combination. Many qualified combinations are made from multiple weighing hopper, and then the most similar combination is selected from them.
9. As many as dozens of languages can be switched at will.

10. You can customize the concavo-convex pattern plate, rotary weight, no material storage, non-stick material. One said multi-purpose, can achieve the same type of product diversified packaging.

Parameter

Model	BPM-450
Packing Speed	5-60 bags/min
Filling Range	≤2500g/ bag
Packing roll width	L:300mm W: 100-200mm
Film size	Max width 420mm
Sealing method	Cutting and sealing by ultrasonic
Power	3KW
Total power	220V/50HZ
Packing material	OPP/ CPP OPP/CE PET/PE NILO/PE PE
Net weight	500kg
Overall dimensions	(L)1380*(W)1110 *(H)1530mm
