

## *WHL-K300 Automatic Granule Packing Machine*

### **Main Standard Features:**

The WHL-K300 Automatic Granule Packaging Machine is designed and manufactured by advanced science and technology in the world. It has reliable quality, high efficiency and beautiful shape. As regards its automatic control system, we have adopted advanced photo electricity track planet differential compensating mode and automatic constant-temperature control mechanism, which makes our machine has very fast packaging speed. Moreover, our machine can carry out step less speed adjustment, and automatically finish the processes of bag making, computation, filling, sealing, cutting, counting and printing number on the bag. It can be used for various compound packaging materials.

### **Specification:**

<b>MODEL</b>	<b>WHL-K300</b>
Bag length (mm)	50-300
Bag width (mm)	70-190
Packing film width (mm)	160-380
Capacity (bag/min)	40-80
Volume (ml)	50-500
Power (kw/V)	1.65
Air (MPA)	0.65
Air consumption (L/min)	100
Size (L×W×H) (mm)	900*1120*2360
Weight (kg)	480
