

Automatic Multi-Head Weigher Packing Machine SF-420AZ

The multi-head weathers packing machine requirements for high precision measurement and fragile packaging bulk objects, such as: puffed food, pistachio, chocolate, hardware items, etc.

Suitable for weighing leisure foods such as candy, seeds, jelly, pet foods, puffy foods, pistachio, nuts, raisins and big shell nuts, hardware, dried fruits, frozen foods, snack foods, meatballs and so on.

Features

1. 420 type full automatic vertical packing machine are the packing machine our company import the abroad technology, and improve to produce, which are high quality and ability, equip with the functions of automatic feed, weigher, making-bag, filling, sealing, printer, and output.
2. This machine use the high precision servo pull-film system, PLC program control, advanced touch man and machine screen, photo-electricity automatic locating and tracking, digital temperature control and so on, to make the operation simply and perfect.
3. It is the firstly choice of food packing machine, to improve the producing effect, reduce the labor intensity, improve the level of packing.

Specification:

Packing speed	5-60bags/min
Packing material	OPP/ CPP, OPP/CE, MST/PE, PET/PE
Film width range	140-420mm
Weight of machine	500kg
Air pressure	0.65MPa
Gas consumption	0.4m ³ /min
Dimension	1217L×1015W×1343H(mm)
Weight of machine	500kg
Total Rate	2.2KW
Power	Single phase 220V/50Hz
