

Automatic Meal Box Sealing Packing Machine

This series of products are widely used in sealing of various plastic cups, which can automatically complete, sealing, cutting, marking, ultraviolet sterilization, cup dropping sterilization and other processes, and IT can be customized according to your special requirements.

Specifications

Model	AF-LF
Machine Speed	2000-9000 cph
Filling range	100-500ml
Filling Accuracy	±1%
Power Source	3P 220v50hz or customize
Power	5 Kw
Air pressure	0.6-0.8MPa
Air consumption	≤0.5m ³ /min 0.4-0.6m ³ /min
Working Temperature	5-35°C
Machine Rack size	3000*700*1700 mm
