

## YCW500 Heavy Weight Check Weigher Easy Weight

The machine can automatically reject underweight and overweight products from the line.

Application: to weigh products automatically, suitable for inspecting large products.

### Technical Parameters:

Checking range	Kurang dari atau sama dengan 40 kg
Accuracy	$\pm 5.0 \text{ g} - \pm 20.0$
Minimum scale	0.1g
Throughput	20-110 m/min
Optimal throughput (pcs/min)	40
Suitable product dimension (mm) L	kurang dari atau sama dengan 650 g
Suitable product dimension (mm) W	kurang dari atau sama dengan 490
Weight belt dimension (mm) L	1075
Weight belt dimension (mm) W	490
Rate Power (Kw)	0.4
Compressed Air	0.6-1 Mpa
Nozzle Connector Type	$\varnothing 8 \text{ mm}$
Control Module	High speed A/D Sampling Module
Product Preset	99
Rejecter	Pusher
Dimension (L x W x H) mm	2170x935x1331
