

## SWM Series Film Wrapping Machine

SWM Series film wrapping machine is used to wrap medicine, soap, toothpaste and cosmetics. It uses BOPP or PVS to wrap single product or multi products. It will convey products, stack, horizontal sealing, and side sealing and then output finished products.

### Specifications:

Model	SWM 30	SWM30-mini	SWM50
Wrapping speed(bpm)	25-30	20-25	45-50
Wrapping size(mm)	(60-200)*(35-90)*(40-160)	(60-150)*(35-80)*(20-80)	(60-200)*(35-90)*(40-160)
Power(kw)	8	8	9
Compressed air pressure(MPa)	0.6	0.6	0.8
Overall dimension(mm)	2930*1800*1000	2170*2030*1600	3200*1800*1000
Weight(kg)	850	680	950
