

## Curry Powder Packaging Machine XYZ-5000

The 100g-5kg Rice Nuts Bean Vacuum Packaging Machine is one of such machines amongst many others existing in the market. The 100g-5kg Rice Nuts Bean Vacuum Packaging Machine empties the air from the packing environment creating a vacuum seal around the product inside it.

### Technical Specification:

Model	XYZ-5000
Packaging Capacity	100g – 5kg
Packaging Material	Laminated Film (Vacuum-Compatible)
Packaging Speed	20 – 50 bags per minute (adjustable)
Bag Types	Pillow Bags, Gusseted Bags, Flat Bags
Sealing Method	Heat Sealing
Vacuum System	Oil Rotary Vane Vacuum Pump
Vacuum Pressure	Adjustable (0.5 – 0.8 bar)
Power Supply	220V, 50Hz / 60Hz (Single Phase)
Power Consumption	3.5 kW
Air Consumption	0.6 m <sup>3</sup> /min (0.7 MPa)
Machine Dimensions (L×W×H)	1800mm × 1200mm × 2100mm
Weight	800 kg
Control System	PLC Control with Touch Screen Interface
