

CFD-6 Auto Pre Cut Lid Sealing Machine

Performance characteristics

1. This machine is suitable for the filling and pre-cut lid sealing of fresh milk, jam, ice cream, instant noodles (pail) etc.
2. This machine gets elegant appearance, and the food product has the advantages of convenient to take and avoiding the lights. The machine can finish all the actions automatically from cup feeding, filling, level control, placing the pre-cut lip, sealing, propping to transporting.
3. This machine is high speed full-automatically filling and sealing machine, high production capacity, wide applicability. We can make the machine as the design of the customers.
4. This machine's all components adopt international famous brand and the machine can adopt PLC system according to your requirements.

Technical Parameters
