

GT-300K Granule Packing Machine

GT-300K granule packing machine adopted advanced photo electricity track planet differential compensating mode and automatic constant temperature control mechanism, which makes our machine has very fast packing speed. Automatically finish whole packing processes of bag making, computation, filling, sealing, cutting, counting and heat pressing batch number on the bag. It can be used for various compound packing materials.

Technical parameters:

Model	GT-300K
Bag length	50-150 (mm)
Bag width	25-120 (mm)
Film width	60-240 (mm)
Filling volume	5-100 (ml)
Packing speed	40-80 (bag/min)
Power	1.6 KW
Air source	0.6 (mpa)
Air consumption	1 (m ³ /min)
Size	760×980×1800 (mm)
Weight	300 (kg)
