

BPP800 3-in-1 Auto Case Erector Sealer and Filler

The Model BPP800 3-in-1 Auto Case Erector, Sealer and Filler is an innovative machine that combines the functions of a case erector, carton sealer and carton filler all into a single machine. The BPP800 3-in-1 Auto Case Erector, Sealer and Filler has been developed by the innovative Spanish packaging equipment manufacturer Ear-Flap. It is capable of handling cartons up to 530 mm length, 310 mm width and 500 mm height. It utilizes adhesive tape to seal the carton. It comes standard with a PLC and LCD color touchscreen control panel. It can achieve outputs of up to 10 cartons per minute.
