

High Speed Double Side Labeling Machine For Oval, Square Bottle OL-8102

Machine Features:

- Fast speed double side & multiple side labeling machine for oval, square and round containers
- Well designed for oval bottle double sides labeling, square bottle three sides or four sides labeling, add round labeling mechanism can whole circle labeling, front and back labeling, and fixed point labeling on round containers
- Equipped with Siemens PLC & programmable touch screen and Japan SANYO servo motor
- Uses 750W label feeding motor, labeling speed reach to 60 meters per minute
- Label feeding station is adjustable, specially fit for conical bottles, and fast set up for different sizes containers
- Adopts spring feeding clutch, label tension is more stable, high labeling precision
- The machine can connecting with blow molding machine, water treatment and filling equipment production line, also can make special design according to customer's requirements

Machine Specifications:

Model	OL-8102
Label type	Self-adhesive label
Label size	Length 20mm - 500mm Width 10mm - 200mm
Oval bottle size	Width 40mm, height 380mm
Max labeling speed	120 pcs/min
Max label feeding speed	up to 60 meters/min
Labeling tolerance	±1mm
Max lable roll diameter	350 mm
Core diameter	76 mm
Conveyor speed	25 meters/min
Electrical source	380V-480V 3Phase 50Hz-60Hz
Power consumption	3000W
Machine dimensions	3000mm x 1600mm x 1580mm
Machine weight	500 kg
