

Wrap Around Labeling Machine

The wrap around label applicator will labeling the label on all sides of bottle or half sides of bottle

Advantage:

- 1) Rolling structure can easily finish labeling all sides or three sides label
- 2) Intelligent sensor can detect whether have labels or not, no labels no labeling
- 3) Alarm display automatically if happen any issue of labeler

Product specification:

Machine output	1000-8000BPH
Labeling accuracy	±1mm
Label max width	200mm
Label max length	500mm
Bottle diameter	30mm-80mm
Bottle height	30mm-360mm
Label diameter	φ76mm-400mm
Machine dimension (LxWxH)	3048x1250x1500 mm
Machine voltage Power	220V 50Hz
Machine power	2000W
