

NBR-350 Fully Automatic Rotary Blister Card Packing Machine

The NBR-350 automatic blister packaging is mainly used in Adhesive Blister packing, Silicone gel Blister packing, AB glue Blister packing, Shoe glue Blister packing, Super glue Blister packing, Battery Blister packing, Button battery packing, 9V Battery packing, A5 battery Blister packing, 9V battery blister packing, toy car blister packing, Plastic Toy Blister packing ect

Product Discription:

主要技术参数

Main technical parameters

纸卡最大规格Max. Size of cardboard	350x200mm
PVC最大规格Max.Size of PVC	350x160mm
最大成型面积 Max.Forming Area	346x160mm
最大成型深度 Max.Forming Depth	标准 (standard):45mm 特殊 (Special):60m
冲裁频率Cutting Frequency	15-35次/分 (times/minute)
行程范围 Travel Range	40-200mm
压缩空气压强 Compressed Air Pressure	0.5-0.8Mpa
压缩空气流量Compressed Air Flow	≥0.5m ³ /min
电源总功率Total Power	380V 50Hz 10.5KW
主电机功率Main Motor Power	1.5KW
外形尺寸Overall Dimension	2960x2040x1900mm(LxWxH)
整机重量 Weight	1500KG
